6–17 November 2017
Bonn, Germany

SESSIONS

Thursday, 9 November 2017

REDD+: Where does it stand and what is needed now?

Official COP23 side event

15:00–16:30 | Meeting Room 9

REDD+ has seen ups and downs over the last years but is now firmly integrated in the Paris Agreement, and the Green Climate Fund is moving forward on REDD+ payments. What does it mean for the practice of REDD at national and sub-national levels? Where are the gaps and what are the next steps needed to make REDD+ happen?

CIFOR speakers: Christopher Martius, Arild Angelsen, Anne Larson

Organized by CIFOR

Collective actions for peatlands in Indonesia

15:00–17:00 | Indonesia Pavilion

As part of the Nationally Determined Contributions (NDC), Indonesia has committed to reduce its national emissions as much as 29 percent (390 million tons) by 2030. Among the actions taken is to restore two million hectares of degraded peatlands. What does it take in terms of collective actions? Who participates? What is the progress? How can it be monitored and improved? This event will provide opportunities for negotiators and participants to learn ways and means to meet the targets.

CIFOR speakers: Daniel Murdiyarso, Rosa Maria Roman-Cuesta

Organized by CIFOR and Indonesia's Peatlands Restoration Agency

Sunday, 12 November 2017

Soil Carbon: Supporting NDCs and donor action

9:30–16:30 | ZEF Center for Development Research, University of Bonn

A CGIAR-wide workshop to coordinate outputs and plan joint funding proposals.

CIFOR speakers: Christopher Martius, Daniel Murdiyarso, Rosa Maria Roman-Cuesta

Organized by CCAFS, WLE and FTA

Monday, 13 November 2017

Gender equality, rights and ancestral knowledge in the context of forest landscape restoration

9:00–11:00 | Sitzungssaal – DIE Interconnections Zone

CIFOR speaker: Anne Larson

Organized by CIFOR

Mangroves in the tropics: Realizing their potential for climate change mitigation and adaptation

16:45–18:15 | COP23 Official Venue

CIFOR speaker: Daniel Murdiyarso

Organized by ITTO and FPPTI Japan

Center for International Forestry Research (CIFOR)

CIFOR advances human well-being, equity and environmental integrity by conducting innovative research, developing partners' capacity, and actively engaging in dialogue with all stakeholders to inform policies and practices that affect forests and people. CIFOR is a CGIAR Research Center, and leads the CGIAR Research Program on Forests, Trees and Agroforestry (FTA). Our headquarters are in Bogor, Indonesia, with offices in Nairobi, Kenya; Yaounde, Cameroon and Lima, Peru.
