Resource Mobilization Coordinator (Ref. No.2347)
Resource Mobilization Unit (RMU)

The Center for International Forestry Research (CIFOR) and World Agroforestry (ICRAF) envision a more equitable world where trees in all landscapes, from drylands to the humid tropics, enhance the environment and well-being for all. CIFOR and ICRAF are non-profit science institutions that build and apply evidence to today’s most pressing challenges, including energy insecurity and the climate and biodiversity crises. Over a combined total of 65 years, we have built vast knowledge on forests and trees outside of forests in agricultural landscapes (agroforestry). Using a multidisciplinary approach, we seek to improve lives and to protect and restore ecosystems. Our work focuses on innovative research, partnering for impact, and engaging with stakeholders on policies and practices to benefit people and the planet. Founded in 1993 and 1978, CIFOR and ICRAF are members of CGIAR, a global research partnership for a food secure future dedicated to reducing poverty, enhancing food and nutrition security, and improving natural resources.

CIFOR-ICRAF is looking for a:

Resource Mobilization Coordinator

Overview

The Resource Mobilization Coordinator will contribute to CIFOR-ICRAF’s global resource mobilization goal to achieve significant, predictable, multi-year funding to enable, flexible support for CIFOR-ICRAF Key Performance Areas (KPA’s). To do so, the coordinator will ensure CIFOR-ICRAF staff benefit from funder profiles and contacts, funding opportunities (Call for Proposals (RfPs)), standardized RM processes, tools and more strategic, coordinated, efficient and high quality, compelling solicited and unsolicited submissions. Primary objectives for the position include: Reviewing identified funding opportunities; coordinate and support the development of strategic grant applications, timely review and submission of concept notes and proposals; facilitate donor intelligence and assurance of strategic alignment of CIFOR-ICRAF’s objectives with donor priorities and objectives; assisting and supporting other relevant units with outreach and stewardship of major global donors and prospects; and building standardized processes, tools and resources for unsolicited fundraising.

Summary of responsibilities

- Improved development and submission of high-quality concept notes and proposals to donors. Performance will be measured against the number of submitted grant applications.
- Improved CIFOR/ICRAF-wide proposal-writing capacity - measured by the quality of drafts produced by science teams and increase in overall quantity of grant applications in the pipeline.
- Strengthened relations with current donors and prospects with increased revenue available to implementation of CIFOR-ICRAF’s 2020-2030 Strategy.
- Enhanced institutional reputation as a global research authority.
Other Responsibilities

Develop institutional infrastructure for unsolicited fundraising

- A standardized process (RM Strategy) for program development linked to CIFOR-ICRAF Key Performance Areas (KPAs) support the development and submission of high quality programs and coordinated planning with the RM, Q4I, communications and other relevant units;
- Relevant guidance notes, standard operating procedures, tools, templates, best practices, lessons learned, and ensure consistent use of required tools by scientists;
- Funder Profiles in MyTree enable scientists to present programs in coordination with RMU and funder focal points;
- Tools and processes that support “go/ no go” decisions and the monitoring of progress with unsolicited progress support management decisions in relation to unsolicited fundraising;

Proposal/ Program Development and Coordination

- Coordinate the research and verification of new funding opportunities for relevant global campaigns and/or initiatives;
- Support global Research teams in all stages of pre-award functions (concept note/proposal development, planning, drafting, editing, internal clearances and submission of high value solicitation documents) and efficient transfer of approved awards to Programme/Grant Management;

Strategy, Analysis and Reporting

- Maintain efficient knowledge sharing and information portal in MyTree system for capturing and sharing information and managing donor intelligence to enable successful funding approaches and institutional understanding of CIFOR-ICRAF’s resource development activities;
- Support the RM team on reporting progress in key areas of the funding strategy and preparation of briefing materials for donor presentations and/or meetings;

Funding Partner Relations

- Coordinate with the RM Team and other corporate units on donor stewardship, communications and cultivation of major global donors and prospects;

Requirements

Education, knowledge and experience:

- Master’s degree in International Relations, Conservation/Environmental Sciences, or Agricultural Development (an undergraduate degree with 5 years’ relevant work experience will be considered).
