Project Coordinator CASEVE GTI (Ref. No.202351)

CIFOR-ICRAF brings more than 75 years of experience in harnessing the power of trees, forests, and agroforestry landscapes to address the most pressing global challenges of our time – biodiversity loss, climate change, food security, livelihoods, and inequity. It has partnerships in 64 countries, 159 funding partners and 192 active projects, alongside more than 2,200 completed projects across 92 nations. The organisation has an annual budget of USD 100 million, and a combined legacy investment of USD 2 billion in research and technology, policy, and development. On average, CIFOR-ICRAF research is cited nearly 137 times a day and appears in global media more than 3,000 times per year. CIFOR and ICRAF merged in 2019 and are both international organizations and CGIAR Research Centres. Learn more at cifor-icraf.org.

CIFOR-ICRAF is looking for a:

Project Coordinator

Overview
CIFOR-ICRAF will be implementing the CASEVE-GTI project (Green and Resilient Northern Cameroon – Integrated Landscape Governance) between July 2023 and June 2028. We will use an integrated landscape management approach to solve the triple challenge of (i) supporting a growing population, (ii) preserving biodiversity, and (iii) mitigating and adapting to climate change. The intended impact of this action is a more inclusive territorial governance that promotes conflict prevention. We are therefore looking for a Project Coordinator to lead the CASEVE-GTI project team and coordinate project activities and partnerships in the 3 landscapes in the North of Cameroon.

Summary of responsibilities

- Ensure overall coordination and day-to-day management of the CASEVE-GTI project, staff supervision, partner relations and reporting.
- Provide technical lead in governance and public participation aspects in the project; in collaboration with the project team and partners, develop strategies for the roll out of project activities.
- Assist the Landscape Facilitator of East and West Benoue with the identification and mobilization of landscape stakeholders, facilitation and animation of multistakeholder platforms and the implementation of activities in the 2 landscapes (Benoue East and Benoue West).
- In collaboration with other staff, produce publications, such as technical reports, technical sheets, training manuals, blogs, policy briefs and journal articles.
- Contribute to resource mobilization.
Requirements

- Solid theoretical background (MSc level) in social, economic, political sciences, or international development studies; or having a solid environmental and agricultural background with practical experience in governance issues.
- At least 3 years of experience in project management and partnership building.
- Experience with participatory methods, multistakeholder processes and platforms, including fostering dialogue, negotiation and conflict management.
- Basic knowledge on gender-sensitive project development and implementation.

Personal attributes and competencies:

- Willing to work in rural areas and travel in often remote areas.
- Proficiency in French and good working knowledge in English, knowledge of Fulfulde will be an asset.
- Excellent oral and written communication skills
- Ability to work independently, as well as in multicultural and pluri-disciplinary teams.
- Ability to work under pressure and deliver on time.

Terms and conditions

- This is a Locally Recruited position. CIFOR-ICRAF offers competitive remuneration in local currency commensurate with skills and experience.
- The duty station will be in Garoua, North region of Cameroon.
